MOLES JOAO CARLOS			
This international preliminary exa and is transmitted to the applicant	mination report has been prepaction according to Article 36.	pared by this	International Preliminary Examination Authority
2. This REPORT consists of a total	of <u>3</u> sheets, including the	his cover shee	et.
amended and are the basis	anied by ANNEXES, i.e., she for this report and/or sheets c he Administrative Instructions	ontaining rec	cription, claims and/or drawings which have been iffications made before this Authority (see Rule CT).
These annexes consist of a total of	of sheets.		
3. This report contains indications re	lating to the following items:		
I. Basis of the opi	nion		
II. Priority			
III. Non-establishm	ent of opinion with regard to	novelty, inve	ntive step and industrial applicability
· IV. Lack of unity o	f invention		
V. Reasoned state citations and e	ment under Rule 66.2(a)(ii) waxplanations supporting such st	ith regard to s tatement	novelty, inventive step or industrial applicability;
VI. Certain docum	ents cited		
VII. Certain defects	in the international application	n	
VIII. Certain observ	ations on the international app	dication

INTERNATIONAL PRELIMINARY EXAMINATION REPORT

International application No.	
DOT/DD 2004/000256	

I.		Basis of the report
1.	W	th regard to the elements of the international application:*
	\boxtimes	the international application as originally filed
		the description:
		pages, as originally filed pages, filed with the demand
		pages, filed with the letter of
		the claims:
	<u> </u>	pages, as originally filed
		pages, as amended (together with any statement) under Article 19
		pages, filed with the demand
		pages, filed with the letter of
		the drawings:
		pages, as originally filed
l		pages, filed with the demand pages, filed with the letter of
	_	
	L	the sequence listing part of the description: pages, as originally filed
		pages, filed with the demand
		pages, filed with the letter of
2	7	Vith regard to the language, all the elements marked above were available or furnished to this Authority in the language in
	V	which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is:
]	
	Į.	the language of a translation furnished for the purposes of international search (under Rule 23.1(b)).
	١	the language of publication of the international application (under Rule 48.3(b)).
	1	the language of the translation furnished for the purposes of international preliminary examination (under Rule 55.2 and/or 55.3).
3	i. 1	With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing:
		contained in the international application in printed form.
		filed together with the international application in computer readable form.
		furnished subsequently to this Authority in written form.
		furnished subsequently to this Authority in computer readable form.
		The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished.
		The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished.
	4.	The amendments have resulted in the cancellation of:
		the description, pages
		the claims, Nos
		the drawings, sheets/fig
	5.	This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).**
	i	Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred in this report as "originally filed" and are not annexed to this report since they do not contain amendments (Rules 70.16 and
- [**	0.17). Invreplacement sheet containing such amendments must be referred to under item 1 and annexed to this report.
